then go to f0rk directory and open config.inc file.

\$username = "admin";

\$password = "f0rkblork";

---

## Writeup:

*Congratulations on beating the mission again.*

*No credits were rewarded, but it's good to see you're testing your skills again.*

Return to Enigma Main

This mission aims to show that you can easily exploit a very simple vulnerability. **robots.txt is a file that spider bots like Google uses to see if they are allowed on the website and what directories they can crawl.**
