

# Reversal of fortune

## Reversal of fortune

Our team of agents have been tracking a hacker that sends cryptic messages to other hackers about what he's doing. We intercepted the below message he sent recently, can you figure out what it says? He mentions his hacker name in it, that's the code you need.

.nac uoy fi tle\$reveRpilF eldnah ym gnisu em egassem ,avaj yllacificeps ,gnidoc emos htiw pleh deen I ,deifitnedi  
tegrat txeN

Next target identified, I need help with some coding, specifically java, message me using my handle FlipRever\$elt if you can.

**Flag:** CTFlearn{FlipRever\$elt}

## Writeup:

just reversed given string
