

Reversing ELF

Reversing ELF

Room for beginner Reverse Engineering CTF players

[Task 1] Crackme1

Let's start with a basic warmup, can you run the binary?

[#1] What is the flag?

flag{not_that_kind_of_elf}

[Task 2] Crackme2

Find the super-secret password! and use it to obtain the flag

[#1] What is the super secret password?

super_secret_password

[#2] What is the flag?

flag{if_i_submit_this_flag_then_i_will_get_points}

[Task 3] Crackme3

Use basic reverse engineering skills to obtain the flag

[# 1] What is the flag?

f0r_y0ur_5ec0nd_le55on_unbase64_4ll_7h3_7h1ng5

[Task 4] Crackme4

Analyze and find the password for the binary?

[# 1] What is the password?

my_m0r3_secur3_pwd

[Task 5] Crackme5

What will be the input of the file to get output Good game ?

[# 1] What is the input?

0fd1DSA|3tXb32~X3tX@sX`4tXtz

[Task 6] Crackme6

Analyze the binary for the easy password

[# 1] What is the password?

1337_pwd

[Task 7] Crackme7

Analyze the binary to get the flag

[# 1] What is the flag?

flag{much_reversing_very_ida_wow}

[Task 8] Crackme8

Analyze the binary and obtain the flag

[# 1] What is the flag?

flag{at_least_this_cafe_wont_leak_your_credit_card_numbers}
