You Know What To Do ...

Flag: `CTFlearn{hack_complete}`

Writeup:

ran strings on the image provided found interesting info:

<https://mega.nz/#!z8hACjbb!vQB569ptyQjNEoxlwHrUhwWu5WCj1JWmU-OFjf90Prg>

Mp real_unlock_key: **Nothing Is As It Seems**U

password: Really? Again

flag{Not_So_Simple...}

followed mega.nz link and downloaded .zip file, and extracted it to find another zip file with funky extension.

tried to unzip but zip is password protected

I then used the password given in first image file **Nothing Is As It Seems** and it extracted another image
flag is in bottom right corner of image
